He stated that conservation of wildlife was everyone's business and it was up to each one of us to see that the laws are enforced.

Following his address he showed a film "Realm of the Wild" that was greatly enjoyed by all present.

From this district governor's bulletin came the news that Haliburton stood second in September and he also sent along a letter to congratulate the local club on the great work they are doing here.

Break-In At Cooper Motors

Late Saturday evening or early Sunday morning, marauders broke into Cooper Motors and made off with goods which included a radio, amounted to \$125. They also made off with \$5 in cash.

Entrance was gained by forcing the door of the ladies' washroom. After this was accomplished the thugs cut a hole through the double gyproc partition that separates this room from the main part of the garage, where they proceeded with their nefarious business.

The thieves appeared to be quite bold as the showcase from which they removed the radio is well lighted and apparently remained so all the time the culprits were in the garage.

As we go to press those responsible have not been apprehended, but the OPP are continuing their investigation.

Compliment for Minden

A couple of tourists, while dining in Minden were overheard to say that of all the villages they had seen, Minden had a very pleasing and tidy main street and the people should be complimented on the untouched beauty of the river as it flowed through town.

It is very pleasing to see the green of the river bank reflected in the water and all residents along the banks must spend a good deal of time keeping it looking so well.

Peterboro S.A. Band Coming To Haliburton

The beat of the drum, the sound of brass and the waving of the flag in the breeze has heralded the approach of the Salvation Army band in many towns and cities around the world. This method of proclaiming the gospel has been a part of the Salvation Army almost since its beginning in East London, England, nearly 100 years ago.

It has been some time since the sound of a Salvation Army band was heard in this area, but coming to Haliburton, Sunday, October 30 will be the Peterboro Young People's band under the leadership of band leader G. Weller.

This band is composed of young boys between the ages of eight and 16 who have given themselves to helping tell the world about Jesus and His love through the medium of music.

The special speaker traveling with the band is the man in charge of all young people's work at Peterboro Temple Corps, young people's Sgt. Maj. R. Routly. He will be bringing the messages in both the morning and evening meetings.

This band has taken part in numerous band festivals and is considered the best young people's band in this area of Ontario.

Capt. W. Kerr of the local Salvation Army believes that the program to be held Sunday afternoon in the Army hall will be well worth the time spent in listening.

opportunity to attend. They were entertained by TV star Juliette.

Cubs and Scouts Hold Father-Son Banquet

For the fifth consecutive year the father and son banquet of the First Haliburton Wolf Cub and Boy Scout troop was held by special generous invitation of Mr.

Harold J. Black

and Mrs. Ray Arntfield at Holiday Inn on Tuesday, October 12, the day after Thanksgiving. As usual it was a joyous affair with 60 cubs, scouts and fathers sitting around the bountiful tables with their leaders and the members of the Scout group committee, enjoying the hospitality of the Arntfields.

After dinner, committee-men Bruce Henry and Frank McIntyre with the help of Scoutmaster Stan Hill and Cubmaster Lenny Salvatori made the presentations on behalf of the Scout group committee to the scouts and cubs who had especially distinguished themselves in attendance and program participation during the past year. Winning Scouts were Johnston Bailey and Ralph Swinson. The winning Cub Six were Roger Dart, sixer; Dennis Bates, second sixer; Paul Carpentier, Jim Scott, Greg Walling and Ivor Cade, all presented with silver spoons with cub emblem.

Mr. Henry called upon Harold Black with his past experiences of reeve of Dysart, county warden and district governor of Rotary International to say a few words on the importance of good citizenship. He stressed the fact that the boy scouts and cubs of today will most likely be the ones who will be running the country's af-

fairs in the future on the municipal, provincial and even the federal level.

Mr. Jim Scott offered a vote of thanks for the use of the Scout hall for the instruction in gun safety. A hearty vote of thanks was tendered to the Arntfields for their great generosity in providing the annual banquet.

High praise and the sincere gratitude of the parents and the community was heaped on Scoutmaster Stan Hill and Cubmaster Lennie Salvatori for their unselfish devotion to the needs of the boys of the community and when it was revealed that the treasury of the scout group committee was down to \$2, the degree of parent co-operation with these devoted leaders came in for some pretty scathing condemnation by one of the parents in attendance, with the result that before the group went home the "kitty" had increased by some \$36.

Mr. Bruce Henry announced that Mr. Earle Casey has been ably assisting cub master Lennie Salvatori with the cubs, and that Mr. Charles Giggy is now helping Stan Hill with the Scouts, and that several new members have been added to the scout group committee. The committee now consists of chairman Bruce Henry, secretary treasurer Mark Dean, Frank McIntyre, Boyd Austin, W. R. Curry, Earle Casey, Chas. Giggy, Jim Scott, Bob Bishop Jr. and Mark Scheffee.

In a community such as ours where there are all too few outlets for boyhood energy and far too little constructive youth leadership more of our parents should encourage the scout and cub movements which are world wide and worth while organizations which do great things for boys in their formative years. Our troop is sponsored by the Dysart Home and School Association.

Get behind Lennie and Stan and the other men who are giving this leadership and we will have fewer boys getting into trouble and a happier and more healthful community.

LETTERS to the EDITOR

Dear Sir: In the September 29 instalment of "In Quest of Yesterday," it is stated that "the Monck road brought in settlers to the outlet of Devil's Lake. A post office established there called Devil's Creek was kept by Peter Barr." This was not so.

Around 1867-68 a Mrs. St. George arrived from Ireland with two teenage sons and a very young daughter. She lived in a lumberman's shanty on the shores of Wiley's Lake while her house was being built—now the old tin covered house on the White Lake road across from the old White Lake school.

She had taken crown land in the four townships of Galway, Cavendish, Glamorgan and Snowdon.

Her treasured possessions, brought from Ireland in heavy chests were left in care of the postmistress at Devil's Creek. Before her

home was completed the post office was destroyed by fire and she lost everything. The name of this post mistress seems to have eluded all those who can recall the past office.

Peter Barr arrived in 1877, built the house still standing beside the old Monck Road, and kept store and the post office there until he moved to Gooderham around 1909-10.

The Devil's Creek post office was actually located not far from the creek itself. The Irondale post office was located about a mile further east.

This is a very interesting series. Is it to be printed in book or booklet form? I hope so.

Yours truly, Lillian T. Proctor, Irondale, Ont.

● Ed. Note—We hope and expect that a book will be published and if so due notice will be carried in the Echo.

CHURCH DEDICATION

A large congregation was present for the opening of North Road Chapel in Minden Sunday, October 9.

voices rendered several splendid numbers in song and the dedication offering reached close to the \$200 mark.

This fine building is a real asset to the community and should inspire man to worship the Lord of Heaven and earth.

Rev. Amos Brubacher will serve as pastor in this charge.

The Captain's Desk

CAPT. W. KERR
Salvation Army

Often there appears on my desk articles on a variety of subjects. A few of these I have found most interesting and it is one of these that I would like to pass on to you. My purpose is not to condemn or judge but that through the reading of the "Captain's Desk" series many might be blessed and be more anxious to serve and follow Jesus Christ.

FAMOUS LAST WORDS

Napoleon Bonaparte, the famous military strategist of France, said, while waiting for death: "I die before my time, and my body will be given back to the earth. Such is the fate of him who has been called the great Napoleon. What an abyss between my deep misery and the eternal kingdom of Christ!"

Voltaire, the noted French infidel, said to his doctor: "I am abandoned by God and man! I will give you half of what I am worth if you will give me six months' life. Then I shall go to Hell, and you will go with me. O Christ! O Jesus Christ!"

Thomas Hobbes, a skeptic who corrupted some of England's great men, sighed: "If I had the whole world, I would give it to live one day. I shall be glad to find a hole to creep out of the world at. About to take a leap into the dark!"

M. F. Rich, an atheist, cried, "I would rather lie on a tove and broil for a million years than go into eternity with the eternal horrors that hang over my soul! I have given my immortality for gold, and its weight sinks me into an endless, hopeless, helpless Hell."

Sir Thomas Scott, on his deathbed, said, "Until this moment I thought there was neither a God nor a Hell. Now I know and feel that there are both, and I am

doomed to perdition by the just judgment of the Almighty."

Dwight L. Moody, the great evangelist, exclaimed, "I see earth receding; Heaven is opening. God is calling!"

John Wesley, English preacher and religious leader, said with confidence: "This best of all is, God is with us!"

Mrs. Catharine Booth, wife of the Salvation Army General, said joyfully, "The waters are rising, but so am I. I am not going under, but over. Do not be concerned about dying; go on living well. The dying will be right."

Mrs. Ann Hasseltine Judson, missionary to Burma and wife of Adoniram Judson, faced death with these words: "Oh, the happy day will soon come when we shall meet all our friends who are now scattered—meet to part no more in our Heavenly Father's house."

Samuel Rutherford met death with this attitude: "I am in the happiest pass to which man ever came. Christ is mine, and I am His; and there is nothing now between me and resurrection, except—Paradise."

What a difference in these famous last words! Do you know why?

The Bible has the answer. "He that believeth on the Son (Jesus Christ) hath everlasting life: and he that believeth not the Son shall not see life; but the wrath of God abideth on him" (John 3:36).

A personal faith in Jesus Christ made—and still makes—the difference!

The modern outlook is, "It doesn't matter what you believe as long as you're sincere. The important thing is to believe something!"

But this "foolosophy"

doesn't work in real life, nor in real death. Napoleon, Voltaire, Hobbes, Rich and Scott all believed in something—but it didn't help them! The other five believed in Someone—Jesus Christ, and this personal belief brought personal peace, even in the hour of death.

The soul who can claim, "The Lord is my shepherd," is the only one who can truthfully conclude, "Yea, though I walk through the valley of the shadow of death, I will fear no evil, for thou (God) art with me" (from Psalm 23).

MAPLE LAKE

IN QUEST OF YESTERDAY

A HISTORY OF HALIBURTON
by NILA REYNOLDS

Fifteenth Installment WHEN PINE WAS KING Chapter 8 (Continued from last week)

Tragedy and violence however, was not new to the Mud Lake depot which was the scene of a brutal murder committed by the son of an early Maple Lake pioneer.

Almost a century later it is difficult to judge whether it was justified, such a question is better left to the angels for it is possible that the victim broke the north's unwritten law. At least he paid so much attention to the wife of a local logger employed at the same camp that everyone talked of it. Eventually the story reached the ears of the husband who watched the imported French logger with suspicion and when he left the camp one Sunday, he trailed the stranger to his home which was located on the road south of the Maple Lake United Church.

On entering his home the unhappy husband swallowed his wrath and entertained his unwelcomed guest but that evening he left early pretending to return to the camp.

The banks of Mud Lake Creek below the depot were once clothed with a fine stand of pine. Nursing his murderous rage the husband concealed himself behind the trunk of one of these trees whose stump is still visible. When his rival finally arrived, he leaped out and stabbed him in the heart. Since there were no witnesses it is difficult to say whether the stabbing occurred after a fair fight or without warning.

Time has misted and obscured the facts as so often happens with local scandals. Some say the murderer hanged for his crime, others maintain he died in jail while a third school of thought suggests that he was unpunished and left the country with his family for in the year 1960 there are few people living who even remember that a murder was once committed in Guilford township.

When the star of James Irwin's destiny in the Haliburton area became ascendant he set up an office and supply depot in Haliburton village on the present location of Edward Miller's general store. Here in 1871 came Frederick Freeman, fifth son of Henry Freeman of Hollaway in London East, to become chief clerk for Irwin's whole logging operation. Six years later Freeman purchased the store from his employer and for 60 years operated it successfully. As a side line Freeman lumbered on a small scale and bought and sold body hardwood and lumber.

When Freeman died on December 8, 1937, his show cases were still filled with outdated articles from the passing parade of fashion. It was said that one could purchase there the jewelry and trifles which would have charmed the heart of a village belle half a century before.

Methodical in his habits, Frederick Freeman opened his shop at 8 a.m. so punctually that neighbors set their clocks by the rising of the blinds in his establishment. His hobbies were stamp collecting and coins, especially pennies which older residents of Haliburton say he hoarded by the barrel. At one time he belonged to Haliburton's famous cricket club.

Although a bachelor, he cooked for himself and kept his store and house shipshape. At Christmas it was his custom to import by rail a complete Christmas dinner prepared at one of Toronto's most fashionable restaurants

which he enjoyed in solitary state.

During the early years of Freeman's sojourn in Haliburton the county rang with the music of saw and axe while hundreds of men ranged the bush in search of first quality pine. Until the railway arrived oxen were used exclusively to haul supplies from Lindsay and as bush teams. Salt retailed at \$6 a barrel, flour at \$10.

A suit of clothes cost the local dandies \$25 but it was well worth the expenditure when they drove up the dusty main street with their lady fair perched prevariously on the family ox cart.

Bush wages ranged from \$1.25 up. Supplies were not as easily available as they are today and provisions had to be ordered months in advance of actual retail sales. Wholesale travelers obtained \$3,000 or \$4,000 orders from general store owners every trip.

In his day Freeman was to witness many changes, oxen to railway to car and aircraft but the event that impressed him most was when he watched the first team of horses and buckboard drive up the main street of Haliburton village. They caused a sensation which shook the town. One wonders if they could have been Norman Barnhardt's famous blacks.

Some years before his death Freeman was interviewed by a reporter. He had this to say of the early logging operations:

"I have seen Head Lake so jammed with clear pine logs that a man could walk across the lake on them. Thousands of these logs would jam full the lake and rivers for miles. Lumber and logs used to be floated down the Burnt River to Cameron Lake from where they were driven up the Scugog to Lindsay to be loaded on trains bound for Port Hope. Here they were dumped into Lake Ontario and rafted over the Lachine rapids to Quebec for final shipment all over the world.

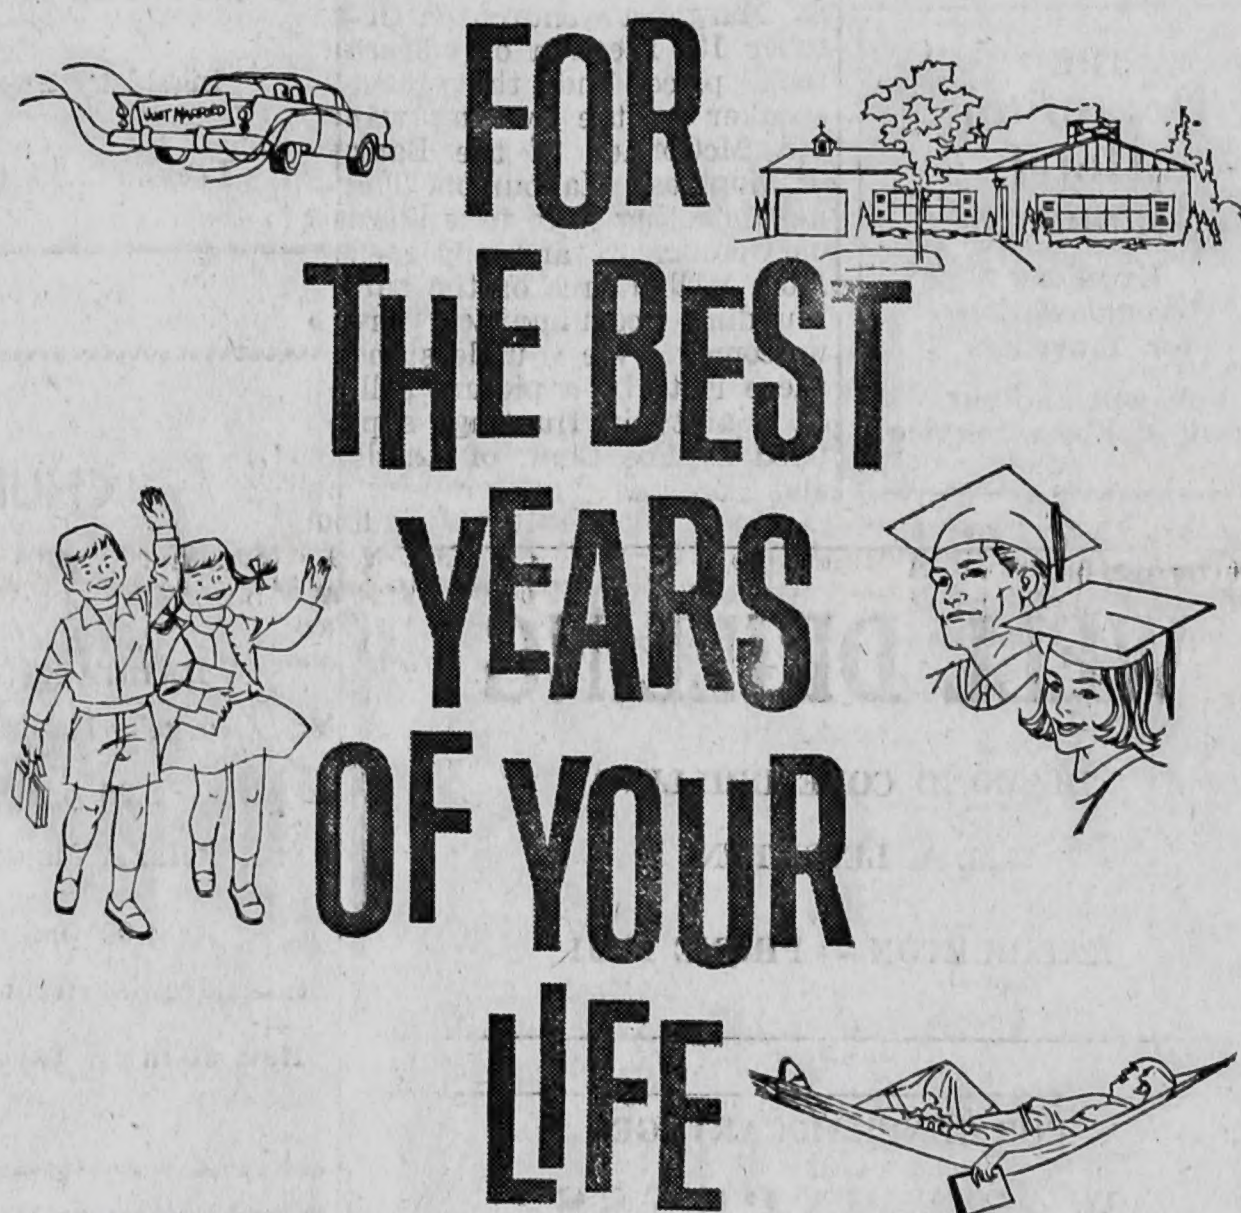

When these activities fell off, Haliburton experienced a slump; the main saw mill burned and many families sought employment elsewhere. Vacant houses could be rented for 50 cents a month. No relief measures were available and for three years people managed as best they could until business opened stronger than ever when Malloy and Bryans erected mills in Haliburton and employed hundreds of men in the woods. This firm later sold out to John Carew of Lindsay."

When Mr. Edward Miller remodeled the old Freeman store he found, in addition to a number of coins minted previous to 1900, several ledgers and order books which belonged to Frederick Freeman. Written in copperplate script worthy of an engraver, these accounts give some idea of Mr. Freeman's business acumen and trades with farmers from all over the district who exchanged butter and eggs for Mr. Freeman's merchandise.

(Continued next week)

LUMBERING at the time "Yesterday" deals with this subject. The above photo shows logging operations near Minden. The man standing on the logs is Ben Davies and in the foreground is Bill Reynolds. Both of these men reside at Horseshoe Lake. We are unable to determine who the third man in the picture is.

AS FINE AS NEW AS YOU CAN GO

Now! Full comfort, full luxury in a trimmer, full size car

With a car that's so new clean through, Buick was able to start right down on the ground and compromise on no component all the way up.

IT STARTED WITH AN ALL-NEW FRAME

 Buick's new X-frame made way for lower door sills, a smoother, quieter ride, easier handling and better insulation of the body from road shock.

The new frame allowed a NEW CONTROL-ARM SUSPENSION

From this came flatter cornering and mirror-smooth going over the bumps as well as the highway. Buick has a new semi-floating rear axle, too! This combines what engineers call Torque-Tube Drive and Hotchkiss Drive—giving you the finest features of both.

The new axle allowed a NEW HIDE-AWAY DRIVE SHAFT

Buick put a totally new kind of double-joint into a 2-piece drive shaft. This let it bend down under your feet—and down went the hump in the middle to give you far more flat floor space than before.

Smaller than big

Bigger than small

THE BEST OF BOTH WORLDS

Now! The room, ride, go, pride of the costliest cars plus the savings and ease of the small

It took combined GM and Buick ingenuity to work the near miracle which made this car possible. Here is FULL-SIZE LIVING WITH NEW-SIZE CONVENIENCE.

COMFORT? STRETCH OUT!

The Special gives you more headroom than most new-size cars, more legroom than most new-size cars, more shoulder room than most new-size cars—and more total room for comfort.

CANADA'S ONLY ALUMINUM TRANSMISSION

Not another new-size car has it! New Dual Path Turbine Drive is the liveliest automatic in any car. It's like having two transmissions—one with an oil connection for infinite smoothness, the other with a direct mechanical connection for greater go and greater gas savings.

CANADA'S FIRST ALUMINUM V8

 puts the power in the Special. It develops astonishing power per pound. The Special got this power without adding weight. And there you have the start of a great gas savings story.

SAVINGS? TERRIFIC!

The Special gives you the gas savings of a compact without giving up go-power. It sells in a price area you'll like without giving up looks. The miracle explained: the smartest engineering in years plus the new wonder materials.

CARNARVON

Three Johnson brothers, sons of Dick Johnson, who were born at Boskung, have returned to make their homes in the district. Two homes have been erected between Hall's Lake and Hawk Lake and a third at Minden. Two of the brothers had trailers in Florida and motored down to see what damage had been done and found their winter homes totally wrecked. They have returned and we hear that a fourth brother intends to retire in the district.

Mr. and Mrs. Sid Martin of Frankford called on Mrs. L. B. Widnsor on Sunday morning.

The family of Mrs. T. Prentice all gathered at the home of Mr. and Mrs. Ross Harrison on Saturday evening. Mr. and Mrs. Morgan Prentice were also present. In the afternoon Mrs. Prentice also had a visit with two of her sisters.

Last Wednesday evening the Girl Guides held a pot luck supper at the home of Mrs. Geo. Pounds and had several members of the local association as their guests. After supper badges were presented to those who had earned them and two of the ladies received pins. Mrs. Pounds then showed a film of the Guides at Niagara, Doe Lake, Camp Adelaide and Sherwood Forest.

Mrs. Max McKay and daughter Laurie will leave for England on the Empress of France, October 17. Last Thursday evening a shower was given for them at the home of Mrs. A. Hewitt. A large ship reaching from floor to ceiling was placed in one corner of the living room. Prettily wrapped gifts were placed against the blue waters of the Atlantic and from the port hole streamers of ribbons, which were attached to gifts of money, hung gaily down. Anne, who had been lured to the party for a dress fitting, was taken completely by surprise but it was a pleasant surprise. After her gifts had been opened and admired the

hostesses, Mrs. Hewitt and Mrs. Burton served a dainty lunch.

Mr. and Mrs. C. Irwin left last week for a trip to Newfoundland. Mr. and Mrs. J. Macdonald are staying at Sherwood Forest until their return.

Mrs. F. Chambers was in Niagara Falls for the week end.

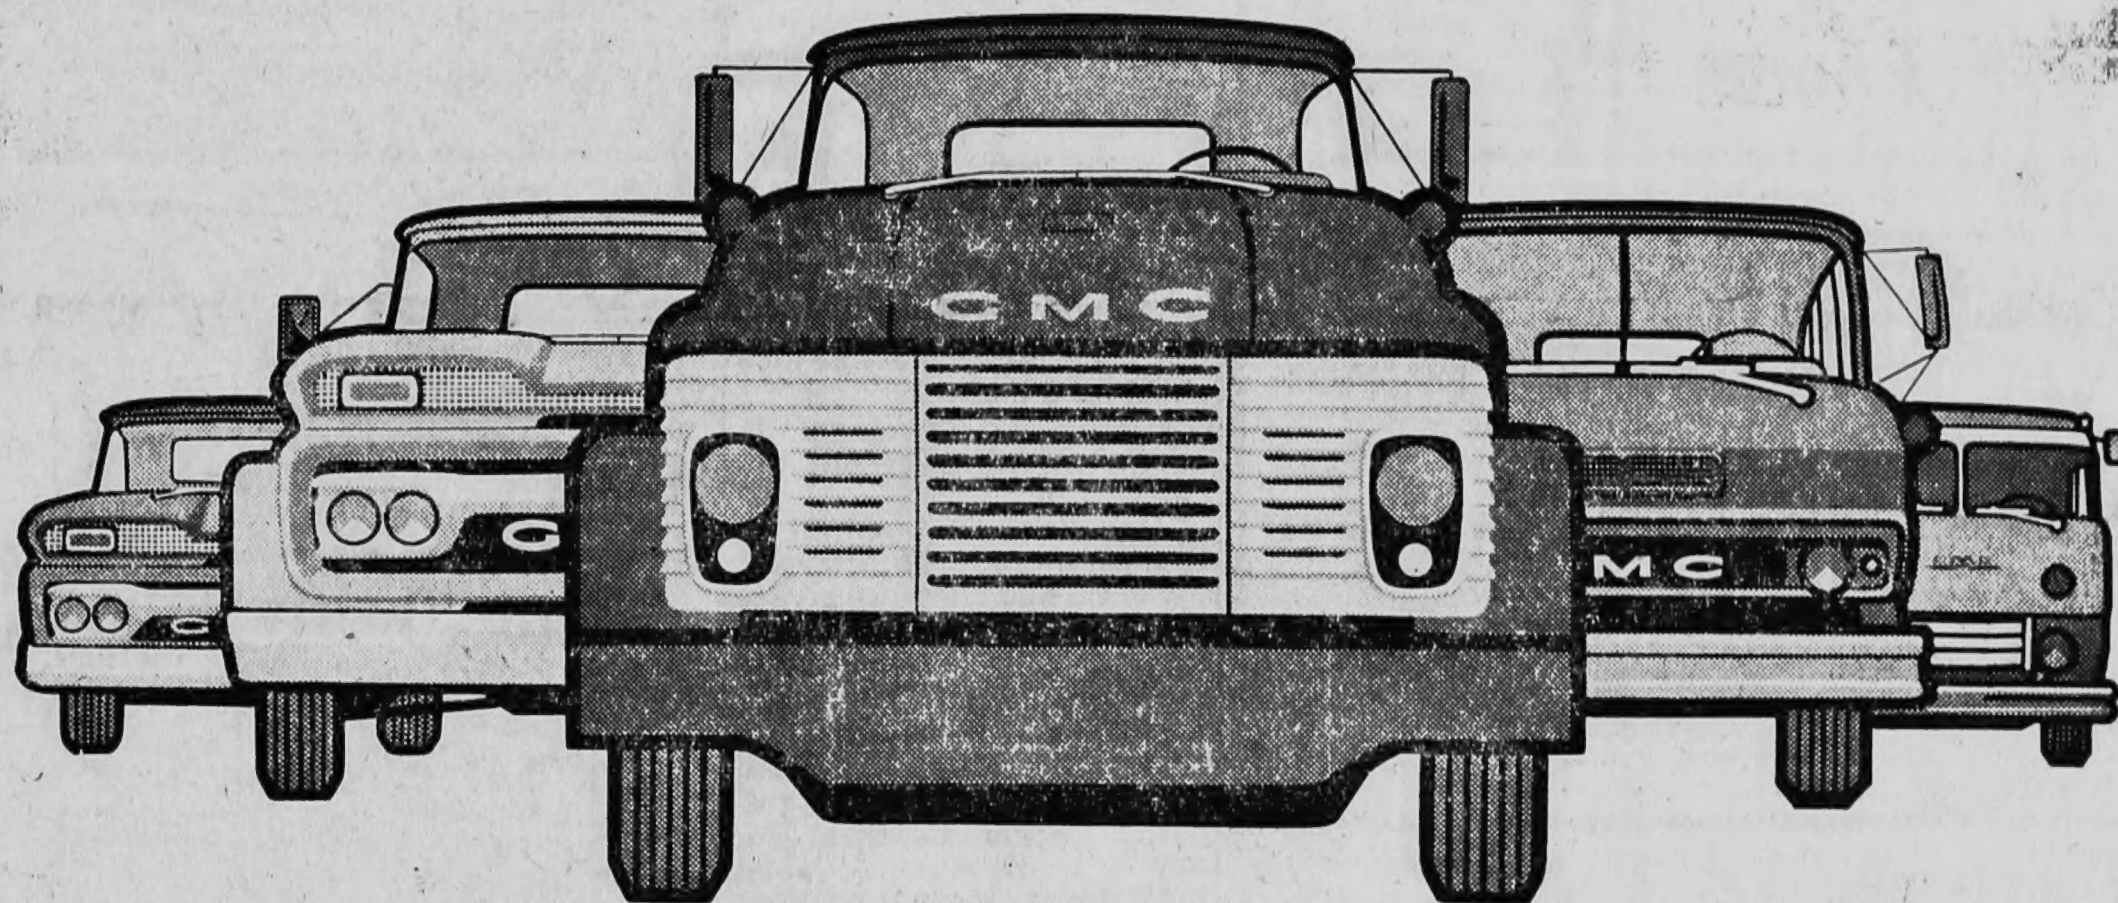

On Friday afternoon of last week in Twelve Mile Lake Cemetery, amid the beautiful autumn colors that suggest in death there may be life, there was laid to rest in God's keeping, Mrs. Will Rogers (nee Ruth Chambers) of Toronto. At the simple funeral service her minister gave an inspiring

talk and the hymns of her choice "Unto the Hills" and "Amazing Grace" were sung. She longed to be released from the suffering which she had endured with great fortitude. The sympathy of the community is extended to the bereaved family.

Mother Nature was indeed kind to Haliburton County for Thanksgiving week end. People were everywhere capturing the autumn beauty with their cameras. Almost everyone in the community had relatives or friends for the week end. Zion church which was beautifully decorated with fruit, vegetables, autumn leaves and flowers, was filled to capacity for the afternoon service.

My sincere thanks to all my friends and neighbors for the beautiful flowers, also the cards and letters which helped to brighten my stay in hospital. On behalf of my family a big thank you to our neighbors for the gifts of pie, cake, cookies and home made bread. Also remembering the kindness of Dr. C. W. M. Service and the nurses and staff at Ross Memorial Hospital.

—Betty Exon.

On Sunday, October 9 we had occasion to require the services of the Haliburton ambulance in bringing my father from our cottage on Haliburton Lake to the Toronto General Hospital. I would like to thank the driver of the ambulance and the fireman who accompanied him, for their efficient and courteous service. Although my father passed away Sunday night, it was through no loss of effort on the part of the ambulance attendants. Again, thank you for your kind and considerate service.

Mrs. A. Lappin.

In Memoriam

Harnden—In loving memory of a dear husband and father, Vernon Millar, who was accidentally killed October 12, 1959:

Our hearts still ache with sadness

And secret tears still flow.

What it meant to lose you

No one will ever know.

When the days are sad and lonely,

And everything goes wrong,

We seem to hear you whisper,

Cheer up and carry on.

Each time we see your photo

You seem to smile and say

Don't cry, I'm only sleeping,

We'll meet again some day.

—Lovingly remembered by

his wife Constance, sons Ron

Alone unseen he stands by

our side

And whispers "Don't grieve,

death cannot divide."

Deep in our hearts a mem-

ory is kept,

Of one we loved dearly and

will never forget:

Loving and kind in all of his

ways:

Upright and just to the end

of his days,

Sincere and kind in heart

and mind,

What a beautiful memory he

left behind.

—Lovingly remembered and

greatly missed by daughter

Josephine, son-in-law Clara

and grandchildren.

McGuire—In loving memory

of our dear father, John Mc-

Guire, who passed away Oc-

tober 14, 1959:

He has gone across the river

To the shore of ever green

And we long to see his dear

face,

But the river flows between.

Some day, sometime we shall

see

The face we loved so well;

Some day we'll clasp his lov-

ing hand,

And never say farewell.

—Sadly missed and lovingly

remembered by daughter Le-

ona, son-in-law Bruce and

grandsons.

McGuire—In loving memory

of a dear father and grand-

dad, John McGuire, who left

us one year ago, October 14,

1959:

'Tis well he will suffer no

more

In the loved land of the

blest,

Pain fled as he trod heaven's

shore;

It left him at peace and rest.

—Always will be remember-

ed by son-in-law Alex and

grandson Reg and family.

Madill—In loving memory of

a dear husband and father,

John Madill, who passed

away October 22, 1959:

Time passes—but memory is

everlasting.

—Sadly missed by wife

Clara and all the family.

PARADISE LAKE
Last week end a party of Boy Scout leaders and their wives were guests at Summerland lodge resort.

They occupied several cottages, one of which was reserved for the preparation of meals and the serving of same. Their faithful cook, "Mom" excelled herself at all times and especially on Saturday night when a turkey banquet was in order.

Later in the evening moving pictures were shown at Summerland recreation hall, which were enjoyed by everyone.

This party of Scouts were enchanted with the resplendence of the autumn foliage, the magnificence of the panoramic view from Skyline Park. They drove up to the park on Sunday morning to take more snapshots and moving pictures of this breath-taking location.

Before leaving for home a brief church service was held out doors, bringing to a conclusion a most memorable week end.

GIANT FUNNEL IN PLACE

One of the finishing touches to the superstructure of the new Canadian Pacific liner Empress of Canada—the placing of her giant 64-ton steel and aluminum funnel—was completed October 8.

launched last May, is scheduled to go into service between Liverpool and Montreal in April 1961.

Owing to the weight of the huge funnel, the ship had to be moved from her fitting out berth at the Vickers-Armstrongs Yard at Newcastle-on-Tyne, England, to where the giant hammer

head crane was holding suspended the gleaming buff colored funnel with its red and white checkered house flag.

The whole operation of lifting, moving the ship, and putting the funnel into position was completed in 60 minutes.
